ITEM REQUEST: **Schedule for Council Meeting**

TITLE OF AGENDA ITEM: VACATION - AN ORDINANCE OF THE TOWN OF DAVIE, FLORIDA, APPROVING VACATION APPLICATION VA 6-1-08 "ROSS", VACATING PORTIONS OF RIGHT-OF-WAY; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE. (VA 6-1-08, Ross, 4301 SW 95 Avenue) { Approved on First Reading December 3, 2008 subject to the Planning and Zoning Board's recommendations. All voted in favor. }

REPORT IN BRIEF: The petitioner proposes to vacate a portion of the 30 foot right-of-way (Per Plat Book 2, Page 26 of the Public Records of Miami-Dade County, Florida) which is located on the western side of the subject site, running north/south (see attached sketch and legal description).

The Town of Davie has no roadway construction plans at this time for said portion of right-of-way. Presently, this portion of right-of-way does not serve as access for Tree Tops Park nor the adjacent residential neighborhood. Furthermore, the petitioner has supplied staff with the required letters of no objection from public and private utilities and Broward County Public Works & Transportation Real Property Section.

PREVIOUS ACTIONS: On November 19, 2008, Town Council tabled this to the December 3, 2008 meeting. On December 3, 2008, Town Council approved this item subject to the Planning & Zoning Board's recommendation.

CONCURRENCES: On September 22, 2008 Open Space Committee meeting, Vice Chair Greck made a motion, that was seconded by Ms. Pellicane, to recommend the right-of-way not be vacated. In a voice vote, the motion passed unanimously.

At the October 22, 2008 Planning and Zoning Board meeting, Mr. Busey made a motion, seconded by Mr. DeArmas, to table to November 12, 2008, for further information. In a roll call vote, the vote was as follows: Chair McLaughlin – yes; Vice-Chair Stevens – no; Mr. Busey – yes; Mr. DeArmas – yes; Ms. Turin – absent. **(Motion carried 3-1)**

At the November 12, 2008 Planning and Zoning Board meeting, Mr. Busey made a motion, seconded by Mr. DeArmas, to approve subject to the stipulations which the applicant had agreed to [1) not to enlarge the stable/barn structure and 2) to move all the fences to the center line of the old right-of-way which would be the new property line]. In a roll call vote, the vote was as follows: Chair McLaughlin – yes; Vice-Chair Stevens – absent; Mr. Busey – yes; Mr. DeArmas – yes; Ms. Turin – no. **(Motion carried 3-1)**

FISCAL IMPACT: not applicable

Has request been budgeted? n/a

RECOMMENDATION(S): Staff finds the application complete and suitable for transmittal to the Planning and Zoning Board and Town Council for further consideration subject to the completion of this vacation application through Broward County's process.

Note that if the Council accepts the recommendation of the Planning and Zoning Board, which would prohibit the landowner from enlarging the stable and require relocation of the existing fence, some additional action, such as a restrictive covenant, might be necessary to ensure that future purchasers are aware of the restriction.

Zoning History

Related Zoning History:

Records indicate that the existing Future Land Use Plan Map designation and Zoning classification was in place at the time of annexation.

Applicable Codes and Ordinances

The effective Code of Ordinances governing this project is the Town of Davie Land Development Code.

Land Development Code (Section 12-24 (J)(15)), the RS, Recreation/Open Space District. The RS District is intended to implement the parks and recreation classification of the Town of Davie Comprehensive Plan by providing areas for the development of nonprofit active or passive recreational facilities and the preservation of open space.

Land Development Code (Section 12-310), review for vacations or abandonment's of Right-of-Way.

Land Development Code (Section 12-24) (I)(1), Agricultural (A-1)) Districts: The A-1 District is intended to implement the agricultural and residential one (1) unit per acre classification of the Town of Davie Future Land Use Plan and to maintain, protect and encourage the continuance of a productive agricultural community in Davie by ensuring that developments are buffered from agricultural uses.

Land Development Code (Section 12-81): The development standards that govern the construction of single-family dwelling units in the agricultural district. The A-1, Agricultural District requires the following minimums: lot area of 35,000 square feet, 140' minimum lot frontage, 40'-50' front setback, 30' side setbacks, 35' rear setback, 35' maximum building height, and 25 percent maximum building coverage.

Comprehensive Plan Considerations

Planning Area:

The subject property falls within Planning Area 2. Planning Area 2 includes the westernmost section of the Town north of Orange Drive and south of SW 14 Street, and bound on the west by Interstate 75 and on the east by SW 100 Avenue. The predominant existing and planned land use is single family residential at a density of one dwelling per acre.

Broward County Land Use Plan:

The subject site falls within Flexibility Zone 100

Applicable Goals, Objectives & Policies:

Future Land Use Plan, Policy 17-3: Each development proposal shall be reviewed with respect to its compatibility with adjacent existing and planned uses.

Staff Analysis

Pursuant to the Land Development Code, Section 12-310(A)(1), for any proposed vacation or abandonments of right-of-way, the Planning and Zoning Board shall make a recommendation upon the application to the Town Council, as to whether or not:

- (a) It will adversely affect access to neighboring properties.

This portion of right-of-way does not serve as access to Tree Tops Park nor the adjacent residential neighborhood. Furthermore, the petitioner has supplied staff with the required letters of no objection from public and private utilities, as well as Broward County Public Works & Transportation Real Property.

Presently, there are no plans for roadway construction within this right-of-way, nor was there a need for roadway improvements identified in the recently adopted Local Road Master Plan (LRMP) for this location. However, the LRMP addresses future vacations not listed to be considered based on the following:

“The goal of any roadway alignment should be to improve accessibility of the area and reduce reliance on a single roadway for access, provide east-west and pedestrian connectivity, and reduce emergency response time to the area.”

The proposed right-of-way vacation to give the 30 foot right-of-way to a single-family property owner will make the possibility of a future connection remote.

- (b) It will be in conflict with the public interest.

This vacation of the right-of-way will provide the property owner of this single-family lot extra square footage to their property and is not for the public interest but for the sole benefit of the subject property owner.

Open Space Committee

On September 22, 2008 Open Space Committee meeting, Vice Chair Greck made a motion, that was seconded by Ms. Pellicane, to recommend the right-of-way not be vacated. In a voice vote, the motion passed unanimously.

Staff Recommendation

Staff finds the application complete and suitable for transmittal to the Planning and Zoning Board and Town Council for further consideration subject to the completion of this vacation application through Broward County’s process, and to further action (ordinance modification or covenant restriction processed by applicant) to implement Planning and Zoning Board recommendation to approve subject to the stipulations which

the applicant had agreed to [1) not to enlarge the stable/barn structure and 2) to move all the fences to the center line of the old right-of-way which would be the new property line].

Planning and Zoning Board Recommendation

At the October 22, 2008 Planning and Zoning Board meeting, Mr. Busey made a motion, seconded by Mr. DeArmas, to table to November 12, 2008, for further information. In a roll call vote, the vote was as follows: Chair McLaughlin – yes; Vice-Chair Stevens – no; Mr. Busey – yes; Mr. DeArmas – yes; Ms. Turin – absent. **(Motion carried 3-1)**

At the November 12, 2008 Planning and Zoning Board meeting, Mr. Busey made a motion, seconded by Mr. DeArmas, to approve subject to the stipulations which the applicant had agreed to [1) not to enlarge the stable/barn structure and 2) to move all the fences to the center line of the old right-of-way which would be the new property line]. Re: Petition for Right of Way Vacation adjacent to 4301 SW 95th Ave Davie, FL

The purpose of this request is to allow for the vacation of a portion of the 30 ft right of way adjacent to the west property line of the above address and as more fully described on the attached survey and as recorded plat book 2 page 26.

The road right of way was platted in 1907. It is unused and no longer necessary. It is a 30 ft strip that runs between the westerly property line of residences on SW 95th Ave and Tree Tops Park. I am requesting to vacate 200 ft of this +-1400 ft right away. Considering this right of way is between Tree Tops Park and the rear property line of residences, it is not necessary for access by either the property owners or Tree Tops Park. A resolution to vacate this right of way by the Town Of Davie is required in order to apply to Broward County to have this portion of the right of way vacated.

Please contact me should you require any additional information. Thank you for your consideration of this request.

Sincerely

David Ross

Re: Vacation of Right of Way VA 6-1-08

At the October 22, 2008 Planning and Zoning Board meeting it was requested that the applicant provide a plat map showing that SW 95th Ave. is a platted right of way and proof of ownership of SW 95th Ave.

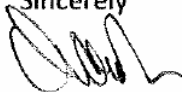

It is my understanding the reason for this request was to insure that if my application to vacate a portion of a right away was granted, the Board wanted to insure that properties located to the north of my property would not be landlocked.

My comment to the Board was that SW 95th Ave was a Platted Right of Way. I found out today that it is not. I apologize for this incorrect information.

The correct information is that SW 95th Ave is Private but has Perpetual Easement for Ingress and Egress and utilities. Therefore none of the properties to the north would be landlocked. I have attached a copy of said easement. Additionally I have attached a copy of the easement that runs from east to west which provides access to the properties to the North of SW 95th Ave.

Please contact me should you require any additional information. Thank you for your consideration of this request.

1. ROLL CALL

Chair Steward called the meeting to order at 7:35 p.m. and roll call was taken. Item 3.1 was taken out of order for the benefit of the guests in attendance.

3. OLD BUSINESS

3.1 Discuss vacating the right-of-way west of the Ross property at 4301 SW 95th Avenue

Mr. Lee passed out a survey of the subject area for the benefit of the Board Members. The survey shows the location of the barn to be five feet into the thirty-foot right-of-way area of the property adjacent to Tree Tops Park.

Chair Steward asked the status of the other properties adjacent to the subject property. Mr. Lee stated the neighbors have the same thirty-foot right-of-way; however, only this property owner is seeking a vacation of the right-of-way. Mr. Lee pointed out that the right-of-way could possibly be used as another access point into Treetops Park.

Ms. Cox asked if the property were to be sold with the barn in the right-of-way, would the owner of the property be required to remove the barn. Mr. Quigley answered the County may require demolition of the barn if they so choose.

Ms. Cox then asked if the County were to exercise the right-of-way from Orange Drive to the park, would the subject area of the right-of-way be required for access or could access be granted at another area.

Chair Steward asked if a trail access from Orange Drive into the park would be a possibility in the future. Ms. Cox commented that the County would not likely grant another access point into the park and gave examples of other residents located on 93rd Avenue that were promised access into the park, but the County continues to keep the gate locked to deny access.

Mr. Quigley stated the right-of-way is thirty-feet wide, with half of the right-of-way on the property in question and the other half on County property. Mr. Quigley felt that if the County were to grant vacation of the right-of-way, only half of the right-of-way would likely be vacated. Ms. Cox added that if the County retains the fifteen-feet of right-of-way located within the park's boundary, there would be adequate space for a trail from Orange Drive into the Park on the remaining fifteen feet.

Vice Chair Greck advised the Park currently has a trail along the property line running north and south, and the trail is heavily used by the local equestrians.

It was the consensus of the Board that the property owner knowingly constructed the barn on the right-of-way, and was unable to find good reason to recommend vacating the right-of-way.

Motion made by Vice Chair Greck and seconded by Ms. Pellicane, to recommend the right-of-way not be vacated. In a voice vote, the motion passed unanimously.
